REPORTED BOXOFFICE FOR ACTIVE TOURS IN THE LAST 30 DAYS

B2K debuts at No. 4 on LIVE75, earning the HOT SHOT tag based on boxoffice figures reported from 19 concerts on the boy band's reunion trek. Named the Millennium tour, it marked the quartet's first appearance together since their early-2000s heyday that ended with a 2004 split. Produced by G-Squared Events, the reunion included original band members Omarion, Raz B, Boog and Fizz and kicked off March 8 in Pittsburgh. Shows were booked primarily in arenas during the seven-week run that wrapped on April 28. Photo by Pavras Griffin / Getty Images

Pollstar's LIVE75 chart ranks the average tickets sold by Active Tours for reported shows taken place over the last 30 days. Active Tours with at least 3 reported shows are eligible to chart. An Active Tour is one where there are upcoming shows in the next 30 days in Pollstar's Route Book database. Average Capacity Sold is based on sellable capacity (venue manifest minus complimentary and production kills) as reported to Pollstar. HOT SHOT is the highest charting new Active Tour. NOISE MAKER is the Active Tour with biggest positive chart gain from previous week. BREAKTHROUGH is the Active Tour showing a ticket sales breakthrough by packing the house. To report box office or upcoming shows, please visit pollstar.com and access the "Data" menu. NEW designates tours appearing on the chart for the first time in last 30 days.
